GS Neutral Cleaner Concentrate is a mild concentrated pH neutral floor cleaner designed for mopping floors and for cleaning all washable surfaces. It contains no caustic, abrasive, or any harsh ingredients that mar fine floor finishes.

GS Neutral Cleaner Concentrate dissolves completely in cold water and works equally well in hard or soft water. It leaves floors sparkling clean without a film or streaks.

Packaged in source-reduced plastic packs, GS Neutral Cleaner Concentrate is formulated to meet published standards of environmentally preferable industrial and institutional cleaners. These standards require low levels of human and aquatic toxicity, high levels of biodegradability and performance, and reduced smog production potential.

Directions

Empty the contents of a GS Neutral Cleaner Concentrate pack into cold water (see dilution ratios below). Use for cleaning walls, floors, or on any washable surface. Apply manually or use with automatic scrubbing equipment.

Dilutions

#2384507 & #2384501

Mix one pack with 2 gallons of cold water for light duty floor cleaning.

#2384606, #2384600

Mix one pack with 4 gallons of cold water for light duty floor cleaning.

#2384705

Mix one pack with 8 gallons of cold water for light duty floor cleaning.

#2384804

Mix one pack with 16 gallons of cold water for light duty floor cleaning.

Personal Protective Equipment: Wear protective eyewear if contact is possible.

Unused Product Disposal: Unused product or its solutions may be poured down the drain. Never pour unused product or its solutions down an outdoor drain.

Improper dilution or improper use of this product may result in eye irritation, damage to surfaces and unsatisfactory cleaning performance.

Pack Recycling: Empty packs should be rinsed out with cold water and then placed for recycling where accepted.

Chemical Characteristics

Appearance	Clear, Yellow Liquid
