Regular Bleach with 3% sodium hypochlorite

- Whitens, brightens, and deodorizes the laundry
- For all washing machines, including standard and high efficiency (HE)
- For use on toilet bowls, windows, floors, woodwork, linoleum, and other hard surfaces
- Eliminates unpleasant odors

Directions

IMPORTANT: Dilute Valley View Regular Bleach before using.

LAUNDRY: Add 1 cup of Bleach with water in standard washing machines. Add more for extra-large washers, not to exceed 2 cups. For use only on white or colorfast fabrics; avoid bleaching silk, wool, leather, and spandex. For best results, dilute Bleach with one quart of water before adding to wash cycle. Add Bleach solution 5 minutes after the wash cycle has begun. For High Efficiency washers, fill machine dispenser, and always follow manufacturer's usage instructions. Do not pour Bleach directly onto clothes.

REMOVING STAINS: Use only on white or color-fast cottons or linens; do not use on silk or wool. Add one tablespoon of Bleach to each quart of cold water, mix thoroughly, and immerse article completely for 5 minutes. Rinse well in clear water.

GENERAL CLEANING AND DEODORIZING: Prewash surface. Use Bleach in water to wash sinks, floors, woodwork, linoleum, and other hard surfaces. Mix 3/4 cup Bleach with one gallon of water. Test on a small area for colorfastness. Apply Bleach solution to surface. After 5 minutes, rinse well and air dry. Avoid prolonged contact with metal because corrosion and discoloration may occur. Do not use on silverware.

Chemical Characteristics

Appearance	Clear, Yellowish Liquid
Biodegradable	Yes
Corrosive	Yes
DEA-Free	Yes
Fragrance	Chlorine
Non-Flammable	Yes
NPE-Free	Yes
NSF Certified	No
pH (concentrate)	11.5 -13.0
Phosphorus	No
VOC Compliant.....	No

Ingredients

Primary ingredient in Bleach Concentrated with 3% Sodium hypochlorite.
