

# How do you handle salt stains?

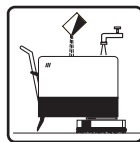

Concept "915" removes salt stains from carpets and floors. Powerful chelating agents chemically suspend the salt and chloride residues in the mop solution or carpet extractor so that they do not redeposit in an unsightly white crust for a sparkling clean.

Concept "915"  
#2308589, 5 fl. oz. pack

## Concept "915" Ice melt remover

For use with auto floor scrubber, mop bucket or carpet extractor.

Visit [www.stearnspkg.com](http://www.stearnspkg.com) for technical data sheet and SDS.
