Premeasured Solutions for the Entire Facility

- **Color Coding** - Makes proper identification and staff training easier.
- **Easy Training** - No complicated instructions, just add one color-coded packet to water and that's it for predictable, consistent results.
- **No Special Equipment** - Eliminate complicated, trouble-prone dispensing machines.
- **Low Entry Cost** - No costly set-up or capital investment means you can get started right away.

Use for all light to medium soiled surfaces, restroom fixtures, toilet bowls, mirrors, stainless steel, floors, painted walls, garbage cans, etc.

EPA Reg. No. 10324-154-3640

SURFACE CONTACT TIME

Scan for **EFFICACY** Summary

- 2 minute contact time for Covid -19, RSV, Influenza and other standard human virus.
- 10 minute contact time for tougher organisms found in hospitals, food service and animal health environments.
