

Laundry Bleach

Stearns *Laundry Bleach* is most effective in hot water. It can be used with all detergents and soaps (including enzyme products).

Laundry Bleach is chlorine-free. It is mild on clothing while giving the bleaching power of a per-oxygen compound.

Also available in premeasured pack ST-779 *Powdered Laundry Bleach*.

Laundry Bleach
ST-1086, 50 pound pail

ST-No.	Case UPC No. Mfg. No. 071206	Each UPC No. Mfg. No. 071206	Case Size	Case Weight	Cases/Pallet
ST-1086	010865	n/a	50 lb. pail	52 pounds	24
ST-1087	010872	n/a	100 lb. drum	103 pounds	18

Directions

Always check the garment-care label for instructions. If washability is in question, dissolve 1 tablespoon of laundry detergent per 1/2 gallon of water, with 1 tablespoon of powdered *Laundry Bleach*. Soak an inconspicuous portion of the garment for one half hour. If no color change has occurred, proceed with recommended washing instructions.

Sort your clothes according to color, fabric, and extent of soil or stains. Add *Laundry Bleach* after adding detergent, but allow to dissolve before adding clothes.

- Top loading machines:** use 1/2 cup
- Front loading machines:** use 1/4 cup
- Large capacity machines:** use 3/4 cup

Ingredients

The primary ingredient in *Laundry Bleach* is sodium perborate.

Chemical Characteristics
