ST-1043	010438	010438	55 gallon drum	515 pounds	4

* Use with ST-322 Brisk® Advanced Pump (for 300 oz. bottles)

Directions

- Pre-treat tough stains. Apply Brisk® Advanced Clear full strength onto the stain, rub firmly and add to the washload.
NOTE: Always check the care label of the garment you are washing. Be sure to test colorfastness by pre-soaking an inside seam.
- Select water temperature and washing machine cycle from the garment's care instruction label. Special soil dispersants in Brisk® Advanced Clear get clothes clean in any water temperature. Hot or Cold.
- For medium size loads - 3 pump strokes (about 1/3 cup) into a cup. For large loads, heavily soiled clothes, or when washing in hard water - 4 pump strokes (1/2 cup).
- Brisk® Advanced Clear as the washing machine fills with water. Then add clothes. If bleach is desired, add bleach after the wash cycle has begun.

Ingredients

The primary ingredients in Brisk® Advanced Clear are anionic surfactants, soil dispersants, and brighteners.

Chemical Characteristics

Abrasive	no
Appearance	natural liquid
Biodegradable	yes
Corrosive	no
Fragrance	none
