Directions

1. Pre-treat tough stains. Apply Brisk® Advanced with Oxy Crystals® full strength onto the stain, rub firmly and add to the washload.

NOTE: Always check the care label of the garment you are washing. Be sure to test colorfastness by pre-soaking and inside seam.

2. Select water temperature and washing machine cycle from the garment's care instruction label. Special soil dispersants in Brisk® Advanced with Oxy Crystals® get clothes clean in any water temperature. Hot or Cold.

3. For medium size loads — fill measuring cap to bar 2. For large loads, heavily soiled clothes or when washing in hard water — use full cap.
