

QUART'R PACKS

Dispenser-Free Control Systems®

Water-Soluble • Premeasured Packets • Dispenser Free

Packaged for Institutional and Industrial Use

Introducing Quart'r Packs®, a quicker and simpler dilution control system for spray-and-wipe cleaning. A complement to our Water Flakes® line, each packet of Quart'r Packs® dilutes with one quart of water.

Containing exact portions of powdered cleaning concentrates, Quart'r Packs® are packaged in water-soluble film. They dissolve quickly in water – no pouring, measuring, or opening packets. Just drop one Quart'r Packs® packet into one quart of water, and you are on your way to a cleaner and greener facility.

Quart'r Packs® are packaged four small tubs per case. Or, choose one tub and one silk-screened color-coded bottle per case.

Now available in five formulations:

- **Extra-Strength Cleaner**
- **Neutral Cleaner**
- **Restroom & Bowl Cleaner***
- **Window Cleaner**
- **Powdered Detergent/Disinfectant***

The U.S. EPA's Safer Choice Program helps consumers, businesses, and institutional buyers identify cleaning and other products that perform well and are safer for people and the environment.
