Brisk® He Laundry Detergent is specially formulated for high-efficiency front and top loading washers. High-efficiency washers use less water than conventional washers.

Brisk® He Laundry Detergent utilizes a special low-foaming formula that contains no phosphates. Special soil dispersants get clothes clean in any water temperature — hot or cold. The surfactants in Brisk® He Laundry Detergent are biodegradable and safe for septic tanks.

Directions

Use one pack of Brisk® He Laundry Detergent per average washload in high efficiency front and top loading washers. Use 2 packs for heavily soiled articles and hard water. Pretreat heavily soiled articles by applying Brisk® He Laundry Detergent on soiled areas and rubbing firmly. Always test on an inconspicuous area, such as an inside seam for colorfastness. Add to wash load; no presoaking is necessary. If desired, add bleach after wash cycle has begun.

Note: Brisk® He Laundry Detergent may be used in conventional washers.

Personal Protective Equipment: Wear protective gloves. Wear protective eyewear.

Unused Product Disposal: Unused product or its solutions may be poured down the drain. Never pour unused product or its solutions down an outdoor drain.

Improper dilution or improper use of this product may result in skin and eye irritation, damage to surfaces and unsatisfactory cleaning performance.

Pack Recycling: Empty packs should be rinsed out with cold water and then placed for recycling where accepted.

Chemical Characteristics

Appearance	Clear Rose Liquid
Biodegradable	Yes
Corrosive Category (Concentrate)	No
Corrosive Category (Use Dilution)	No
DEA-Free	Yes
Fragrance	Floral
Non-Acid	Yes
Non-Butyl	Yes
Non-Flammable	Yes
NPE-Free	Yes
pH (Concentrate)	10.5±0.5
pH (Use Dilution)	7.0-8.5
Phosphate-Free	Yes
VOC	None
