Lemon ammonia household cleaner

- Cleans and deodorizes
- Dissolves grease, loosens dirt, and removes odors
- For use on glass, plastic, ceramic tile, porcelain, enamel, and more
- For sparkling clean linoleum and vinyl
- Use instead of bleach to remove odors and freshen clothes without fading

Directions

FLOORS AND WALLS: Makes linoleum and vinyl floors glisten. Cleans wonderfully on enameled and porcelain surfaces. Excellent for ceramic or plastic tile. Add ½ cup AMMONIA to 1 gallon of warm water. Scour lightly, then mop and rinse with clear water.

WOODWORK AND PAINTED WALLS: No dulling to painted surfaces. Mix 1 cup AMMONIA with ½ cup of vinegar and ¼ cup baking soda to 1 gallon of water. Scrub lightly and rinse with clear water.

FLOOR WAX BUILD-UP: To easily remove built-up wax, use a solution of 1 cup of AMMONIA to 1 gallon warm water. Soak build-up 5 minutes, scour and rinse away with clear water. Test a small inconspicuous area to be sure the floor is color safe.

WINDOWS: For sparkling clean glass, use ½ cup AMMONIA mixed with 1 quart warm water. Apply with a sponge, cloth, or spray bottle and wipe clean.

LAUNDRY: AMMONIA helps to dissolve grease, loosen dirt, and remove odors. For fresh and clean clothes, soak them in the washing machine with water and 1 cup of AMMONIA, or add to the wash along with a non-bleach detergent.

Chemical Characteristics

Appearance	Yellow Liquid
Biodegradable	Yes
Corrosive	No
DEA-Free	Yes
Fragrance	Lemon Ammonia
Non-Flammable	Yes
NPE-Free	Yes
NSF Certified	No
pH (concentrate)	11.0±0.5
Phosphorus	No
VOC Compliant.....	Yes

Ingredients

Primary ingredient is ammonia hydroxide.
